2. Join rectangles to center square, working counterclockwise to complete 1 Log Cabin block.
3. Position star atop block; fuse in place.
4. Machine appliqué star to background using matching thread to complete 1 block (pillow top).

Pillow Assembly

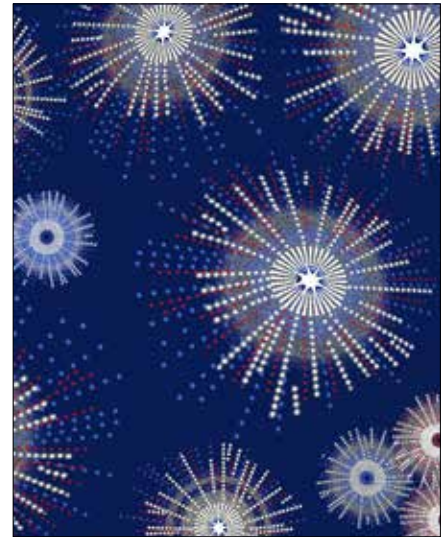

5. Layer block, batting and muslin. Quilt as desired. Trim backing and batting to be even with the pillow top.
6. Take a backing 10 1/2" x 16 1/2" rectangle and turn under the edge of one long side 1/4" and press. So that no raw edges will be exposed, turn under again and stitch. Repeat with the other backing piece.
7. Lay the block right side up. Place one of the backing pieces, right side down, on top of one edge of the pillow with the stitched edge in the center and pin the 3 sides. Sew around the two pieces with 1/4" seam allowance, back stitching at both stitched edges. Repeat with the other backing piece. The two pieces will overlap allowing you to put a pillow form in and remove for washing. Trim the corners to make the pillow corners easier to turn and turn to the right side. Using a blunt tool, poke the corners out.
