Preparation

1. Using the template, mirror-image the pattern to create a full-size heart. Following the manufacturer's instructions, trace twelve heart templates onto the paper side of the fusible web. Rough-cut each template about $1/8$" outside the drawn lines.

2. Noting the fabric print direction, press each fusible web heart onto the wrong side of the listed fabric. Cut out each template on the drawn lines.
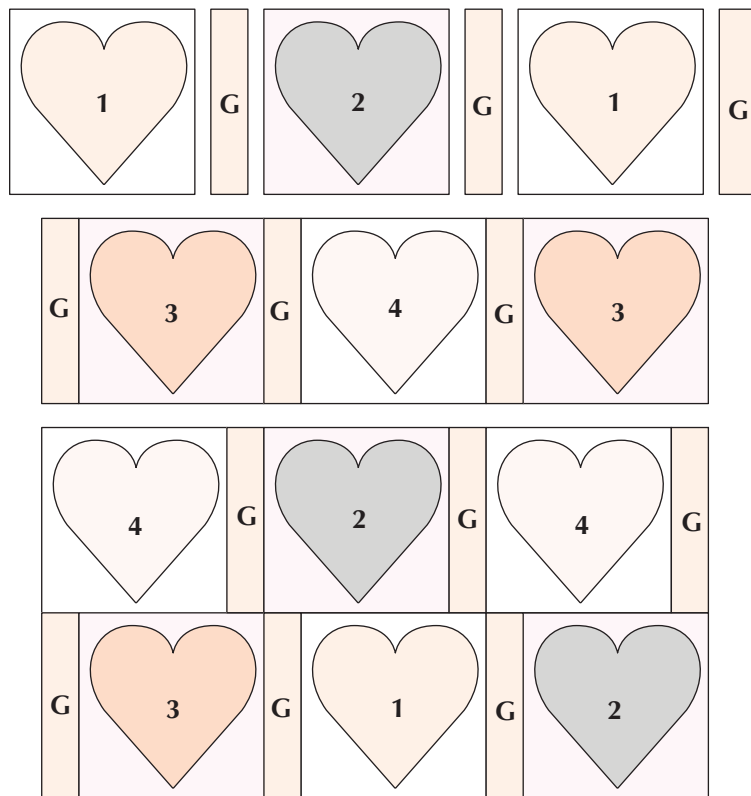

Block Construction

3. Referring to Figure 1, center and press one CF4676 Pink heart onto one $10^{1/2}$" CF5300 Cream square. Repeat to make a total of three of Block One.

5. Repeat step 3 using CF5577 Pink hearts and $10^{1/2}$" CF5300 Cream squares to make a total of three of Block Four.

6. Appliqué the raw edges of the heart shapes with a decorative stitch such as a zigzag, buttonhole or satin stitch to the squares.

Quilt Top Assembly

All seam allowances are $^1/_4"$ and pieces are sewn right sides together.

7. Following the Quilt Assembly Diagram, lay out the blocks as shown, alternating with $2^1/_2"$ x $10^1/_2"$ CF1820 Shell strips.

8. Sew the blocks and strips together in each row. Matching adjacent seams, sew the four rows together in order to make the quilt top.

Finishing

9. Layer the quilt top, batting and backing, and quilt as desired.

10. Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.

11. Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
