**REQUIRED SUPPLIES:**

- Quilt batting
- All purpose thread for piecing, and thread to match pens if you are machine stitching or hand stitching your appliques
- One copy of templates provided printed at 100% with no scaling
- 3 yds 20" wide fusible webbing if fusible applique is desired

**INSTRUCTIONS:**

1/4" seam allowance

1. This quilt is made by first piecing each pen block background. Piece each background block following the block diagram below.

2. Here are the pens required for the appliques and the corresponding template letters. NOTE- For your convenience we have both a regular and reversed image of the templates included.

#### FOR HAND APPLIQUE:

- Begin by adding seam allowances to printed templates ONLY if using hand applique (no seam allowances are required for machine applique)
- Cut all fabrics according to the list, taking care to be sure the direction of the template (pen fabric) is correct based on the schematic
- Applique in place, using your preferred method

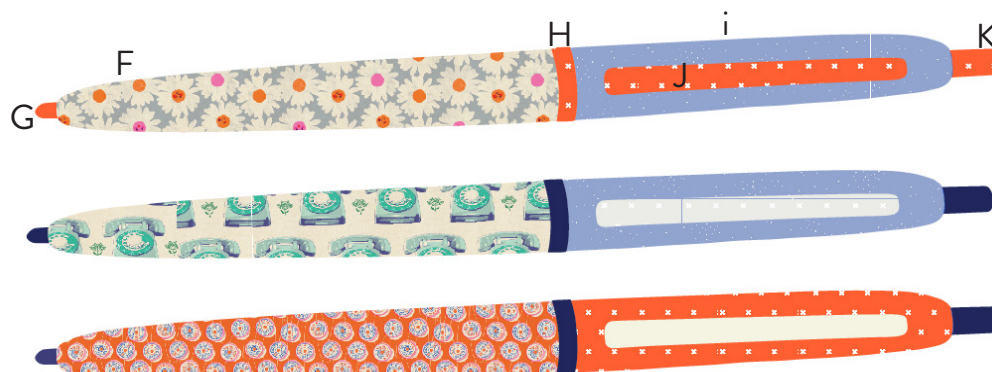

#### FOR FUSIBLE/MACHINE APPLIQUE:

- Begin by reversing pieces as necessary, depending on the direction of the pen fabric
- Trace each piece and apply fusible webbing on the fabric wrong side, then cut and adhere to right side of background
- Stitch in place using your preferred method
